

# PhoenixComputers

*Reclaim • Refurbish • Reuse*

Does your organization have outdated computers in storage? Or perhaps you have computers that are coming off lease and need a safe, cost effective method of disposing of unneeded hardware? When your organization is ready to upgrade to newer technology, your old computers can still do a lot of good. Help support a non-profit, all volunteer organization by donating your old and/or unneeded computer equipment to be refurbished and redistributed. Your old computers will be given a “second life” to families who really need them.

*Refurbisher*

## **HOW CAN YOUR BUSINESS SUPPORT PHOENIX COMPUTERS?**

Businesses regularly upgrade and replace functional computer equipment to stay current with technology. By donating this equipment to Phoenix Computers, you can be assured that your refurbished computer equipment is distributed to disadvantaged groups, individuals and families in our community. Phoenix Computers can arrange to pick up your unwanted computers, monitors and peripherals free of charge, wipe them clean, and deliver them to Phoenix Computer’s workshop. Or your organization could arrange to have them delivered directly to our workshop. Phoenix Computers has worked with several well known companies to wipe all data from the hard drives to DOD and HIPAA standards. Our volunteers perform diagnostics, make repairs, and reinstall the operating system so that each computer is ready for use.

Call to speak with a Phoenix representative to find out how easy it is to help.

**WHO RECEIVES THE REFURBISHED COMPUTERS?**

Your computers and peripherals will be offered to needy families, not-for-profit charities, senior centers and religious organizations. These computers can change lives.

**HOW DOES MY DONATION PROTECT THE ENVIRONMENT?**

It is estimated that every week more than 16 tons of computer equipment is thrown into local landfills. By donating this equipment for reuse instead of throwing it in the trash, your business can make a positive contribution to green initiatives. Give old technology a new purpose and keep it out of the waste stream.

**IS MY DONATION TAX DEDUCTIBLE?**

Yes. Phoenix Computers is a 501(c)(3) organization. Your donations may be tax-deductible and you will be provided with a receipt from Phoenix Computers in exchange for your contribution.

**WHAT EQUIPMENT IS PHOENIX COMPUTERS LOOKING FOR?**

- Desktops (>2.6 MHz) and laptops (>1.5 MHz) processor that can be refurbished.
- Hard drives that are 40GB or larger.
- Memory chips (DDR, DDR2 and DDR3 SDRAM)
- Keyboards and mice (USB styles in working order)
- Flat screen monitors in working order with power supplies
- Speakers with power supplies and cables.
